

## The Aardvark Chute

### Technology:

Mantissa's Aardvark® establishes a way for our customers to leverage their capital investment in automated systems by reducing the amount of floor space required. The bottom line: more sorts per square foot per dollar invested. Enter the Aardvark, Mantissa's patented innovation that makes "Sortation Simplified" for our customers. With Aardvark technology, distribution facilities can sort the widest product range available, to multiple destinations.

### Aardvark Chute Strengths

- Highest density of sort destinations available
- Chutes can accommodate different product of different size and handling characteristics
- Ability to sort plastic bags (such as apparel) and corrugated boxes (such as footwear) in the same chute
- Innovative design protected by multiple patents
- Proven technology, with over 5,000 destinations in service
